Hi Tennille,

Attached is EPA's response to a letter dated Jan. 26, 2012 from Cabot's CEO and Chairman Dan Dinges regarding the basis of EPA's involvement in the study of water quality in Dimock. Our response addresses concerns raised by Cabot in that letter. We are reviewing the company's latest statements and will respond accordingly. Still don't know about your other question. -- Terri

Terri - I wanted to follow up on this. Can you let me know who will be handling these results, when you get a minute?

Thanks,
Tennille

Tennille,

I'll get back to you next week. -- Terri

Subject: Dimock studies

Hi Terri - Will Region 3 be releasing the results of the Dimock studies? Or will EPA headquarters be taking the lead on that? I cover energy issues for Dow Jones / WSJ and want to make sure I track those. ... Also, do you know whether EPA will be responding to the letter Cabot sent to Administrator Jackson?

Thanks,

Tennille Tracy
